

PURCHASE ORDER TERMS AND CONDITIONS

1. **ACCEPTANCE.** This purchase order becomes a binding contract on the terms set forth herein when it is accepted either by Seller's acknowledgment or commencement of performance.
2. **TERMS.** All terms are as stated on this purchase order and these are the only terms which govern the purchase of goods and services that are the subject of this purchase order. Any terms or conditions stated by Seller's documentation that are different from, or in addition to, these terms and conditions, shall be of no force and effect and are expressly rejected by Buyer, and no course of dealing, usage of trade, or course of performance shall be relevant to explain or modify any term expressed in this purchase order. Invoices are not payable until each goods shipment is inspected and accepted by Buyer and/or the services are inspected and approved by Buyer. These terms prevail over any of Seller's general terms and conditions of sale regardless of whether or when Seller has submitted them, including if submitted after issuance of this purchase order on Seller's sales confirmation or otherwise. Notwithstanding anything to the contrary herein, if a written contract signed by both parties is in existence covering the sale of the goods and services, the terms and conditions of such contract will prevail to the extent they are inconsistent with these terms. If Buyer makes payment of an invoice within the period allowed for the purpose of obtaining any cash discount offered, such payment shall not constitute final acceptance, and shall not prejudice the right of Buyer to return articles, materials and/or equipment ("goods") found defective or which fail inspection, and to receive credit or reimbursement from Seller.
3. **PROGRESS REPORTS.** When requested by Buyer, Seller shall submit written periodic progress reports covering the specified period and containing the information specified by Buyer.
4. **PRICE.** This order may not be filled for a different quantity or price without Buyer's prior written consent. Whenever the price is not specified in the order, it must not be filled without Buyer's prior written consent at a price higher than last quoted or charged to Buyer. Unless otherwise stated, all prices are firm and are not subject to increase for the period stated in this order. All of the prices, terms, warranties, and benefits granted by Seller under this purchase order shall be comparable to or better than the equivalent terms being offered by Seller to any other customer. If Seller enters into arrangements with any other customer providing greater benefits or more favorable terms, this purchase order shall thereupon be considered amended to provide the same benefits and terms to Buyer.
5. **CHANGES.** Buyer may, at any time, and from time to time, by written order to Seller (a) make changes in the shipping and packing instructions, (b) increase or decrease the quantity of services and/or goods ordered, (c) change the drawings or specifications, (d) issue a suspension of work order, and/or (e) make changes in the delivery schedule. If any such changes cause an increase or decrease in the amount of work hereunder, or in the cost of performance or in the time required for performance, an equitable adjustment shall be made by Buyer in the contract price and/or the delivery schedule, and the purchase order shall be modified, in writing, accordingly. No such adjustment shall increase the purchase price of future deliveries by more than 10% of the original price. Termination charges shall be limited to no more than Seller's cost of raw materials and labor for the goods to be delivered to Buyer for the next 30 days as provided in the purchase order schedule and subsequent modifications thereto, and only if such raw materials cannot be used for another customer of Seller and provided such raw materials are delivered to Buyer. Any claim for adjustment under this section must be asserted within 30 days from the date the change is ordered, but nothing provided herein shall excuse Seller from proceeding with the purchase order as changed.
6. **CANCELLATION.** Buyer reserves the right to cancel all or any part of the undelivered portion of this order if Seller does not make deliveries as specified in the schedules or if Seller breaches any of the terms hereof including, without limitation, any warranties of Seller. Buyer's acceptance of a late delivery shall not constitute a waiver of any remedy or right to constitute a waiver of any subsequent schedule or delivery requirement. Buyer shall also have the right to terminate this order or any part hereof in the event of insolvency of Seller, Seller's filing of a voluntary or involuntary petition in bankruptcy, appointment of a receiver or trustee for Seller, or Seller's execution of an assignment for the benefit of creditors.
7. **INSPECTION.** All ordered goods are subject to final inspection and approval at destination by Buyer, notwithstanding prior payment. Buyer may reject any goods which contain defective materials or workmanship or do not conform to specifications, drawings, samples, or as ordered. Rejected goods may be returned at Seller's risk and expense at the full invoice price, plus all transportation charges. No replacement of defective goods shall be made unless specified in writing by Buyer. Seller shall provide and maintain a quality control system acceptable to Buyer for the goods covered by this purchase order, and Seller shall permit Buyer to review Seller's procedures, practices, processes and related documents to determine such acceptability. Seller is required to provide certifications for all raw materials. Buyer, Buyer's customers and relevant governmental authorities shall have right to inspect Seller's facilities and all records and documents relating to the goods at reasonable times. Such inspection by Buyer shall not relieve Seller of responsibility for defects found after delivery to Buyer. Goods may be inspected by Buyer under the sampling plans outlined in MIL-STD-105 (and amendments thereto) and/or ANSI Z1.9-1993: Sampling and Tables for Inspection by Variables for Percent Nonconforming and/or Sampling Procedures and Tables for Inspection by Attributes. Lots which fail to pass the examination may be 100% inspected by Buyer, and Seller shall be charged for such inspection time. Buyer may reject and return any portion of a shipment which may be defective or fails to comply with specifications, drawings, samples, or descriptions stated in the order without invalidating the remainder of the order. Buyer's failure to inspect goods upon delivery shall not be a waiver of any defects or of any rights or remedies which Buyer may have thereafter.
8. **PACKING AND SHIPMENT.** Deliveries shall be made as specified without charge for boxing, crating, carting, or storage, unless otherwise specified. Goods shall be suitably packed for protection of parts and to secure lowest transportation costs and in accordance with the requirements of common carriers. If there are any deviations from Buyer's shipping instructions without Buyer's permission which result in higher shipping charges, Seller is liable for the extra charges. A packing list shall accompany each shipment showing Buyer's order number, quantity, and a description of the goods. Buyer's count or weight shall be final and conclusive on shipments not accompanied by a packing list. Shipping receipts, original bills of lading, express receipts, and air bills shall be sent to Buyer's Accounts Payable Department on the date goods are shipped. Unless otherwise agreed in writing by the parties, all shipments are made FOB Destination. If Buyer specifies FOB origin, or freight charges for the account of Buyer, Seller shall: (1) route freight as specified by Buyer; (2) not insure or declare value unless specifically directed to do so; (3) for goods subject to released valuation, release goods at the restricted valuation to achieve the lowest available rate; (4) consolidate shipments on the same day to the same address on one waybill; (5) list all purchase order numbers on the waybill.
9. **ENGINEERING INFORMATION, TOOLS AND MATERIALS.** By accepting this order, Seller agrees it will not use any design, tools, patterns, drawings, materials, or any other information or equipment furnished by Buyer in the manufacture or design of any goods for any other purchaser, or for manufacture of larger quantities than herein specified without the prior written consent of Buyer. All special tools, dies patterns, jigs, or fixtures supplied by Buyer, or manufactured or otherwise acquired by Seller for the performance of this order and charged to Buyer are the property of Buyer. Such items are to be marked for identification as Buyer may designate and, upon completion or termination of this order, such items shall be returned to Buyer in good condition, reasonable wear and tear excepted. Seller shall also return all spoiled and surplus tools, patterns, and materials which are the subject of this purchase order, unless otherwise directed by Buyer in writing, and Seller agrees to replace, at Seller's expense, all items which are not so returned. Seller shall not charge for any storage, maintenance, or retention of any property of Buyer and all such property shall be retained or used at Seller's sole risk of loss or damage from all hazards.
10. **LIENS AND ASSIGNMENTS.** Seller agrees that with respect to any services rendered or subcontracted to others and any goods and/or equipment supplied by Seller or on Seller's behalf, Seller shall indemnify, defend and hold Buyer harmless if any mechanic's lien, encumbrance, or other security interest arises from supplying such services and/or goods. Buyer shall have absolute right to withhold all payment until Seller has provided Buyer with written releases from any third party that has supplied Seller with services and/or goods related to this purchase order. This purchase order and/or any services and/or goods covered hereby, and/or payments hereunder, shall not be assigned or encumbered without the prior written consent of Buyer. Any such assignments or encumbrances without Buyer's prior written consent shall be void. Breach of this provision shall give Buyer the right to cancel this purchase order.
11. **WARRANTIES.** Seller warrants that all services and/or goods shall be free from defects in labor, materials, workmanship and fabrication, shall comply with all pertinent drawings or specifications, and shall be merchantable and fit for the particular purpose intended by Buyer, shall not infringe the intellectual rights of a third party, and where design is Seller's responsibility, be free from defects in design. In the event of any conflict between Buyer's and Seller's specifications, Buyer's specifications shall prevail. Buyer's release or approval of data or drawings shall not relieve Seller from any warranty, including those arising from prior drawings and specifications of Buyer.
12. **INSURANCE.** During the term during which Seller provides Buyer the goods and/or services that are the subject of the purchase order and for a period of at least three (3) years thereafter, Seller shall, at its own expense, maintain and carry insurance in full force and effect with financially sound and reputable insurers that is reasonably adequate to cover the risks associated with the goods and/or services that are the subject of the purchase order. Upon Buyer's request, Seller shall provide Buyer with a certificate of insurance from Seller's insurer evidencing the insurance coverages required in these terms. Seller shall provide Buyer with 30 days' advance written notice in the event of a cancellation or material change in Seller's insurance policy. Except where prohibited by law, Seller shall require its insurer to waive all rights of subrogation against Seller's insurers and Seller.
13. **SELLER OBLIGATIONS REGARDING SERVICES.** In addition to Seller's other obligations provided for herein, with respect to services provided under this purchase order Seller shall:

 - c) maintain complete and accurate records relating to the provision of the services, including records of materials used by Seller in providing the services. During the term of the services and for a period of three (3) years thereafter, upon Buyer's written request, Seller shall allow Buyer to inspect and make copies of such records;
 - d) obtain Buyer's written consent, which may be given or withheld in Buyer's sole discretion, prior to entering into agreements with or otherwise engaging any person or entity, including all subcontractors and affiliates of Seller, other than Seller's employees, to provide any services to Buyer (each such approved subcontractor or other third party, a "Permitted Subcontractor"). Buyer's approval shall not relieve Seller of its obligations under these terms, and Seller shall remain fully responsible for the performance of each such Permitted Subcontractor and its employees and for their compliance with all of the terms and conditions of this purchase order as if they were Seller's own employees. Nothing contained in these terms shall create any contractual relationship between Buyer and any Seller subcontractor or supplier;
 - e) ensure that all persons, whether employees, agents, subcontractors, or anyone acting for or on behalf of the Seller, are properly licensed, certified or accredited as required by applicable law and are suitably skilled, experienced and qualified to perform the services;
 - f) in addition to the obligations involving insurance provided for elsewhere in these terms, in the event the services are provided to Buyer at a facility owned or leased by Buyer, prior to commencing such services Seller shall provide Buyer with Seller's certificate of insurance and Seller shall ensure that such certificate of insurance names Buyer as an additional insured.
14. **EQUIPMENT PURCHASES.** In the event this Purchase Order relates to the purchase of machinery or equipment (collectively, "Equipment"), as security for Seller's performance of its obligations hereunder, Seller hereby assigns and pledges to Buyer a first priority security interest in all right, title or interest in or to any of the Equipment, but only up to the amount of any payments

advanced by Buyer to Seller in connection with the purchase of such Equipment. Upon Seller's failure to satisfy its obligations hereunder or the filing of a bankruptcy proceeding or assignment for benefit of creditors by Seller, in addition to other remedies available to Buyer under law or equity, Buyer will have the immediate right to pursue any or all of the remedies available to a secured party under the applicable Uniform Commercial Code or other applicable law or regulation relating to security interests.

15. **LIMITATION OF LIABILITY.** In no event shall Buyer be liable to Seller for any incidental, consequential or special damages including, but not limited to, any lost profits, lost savings, or other incidental damages, arising out of or connected with this purchase order, even if Buyer has been advised of the possibility of such damages. The foregoing limitation of liability shall remain in full force and effect regardless of whether Seller's remedies are determined to have failed of their essential purpose. Buyer's entire liability to Seller for any claim or cause of action arising hereunder (whether in contract, tort, or otherwise) shall not exceed the purchase price paid by Buyer for the services and/or goods which are the subject of such claim or cause of action.

16. **INTELLECTUAL PROPERTY PROTECTION.** Seller agrees to defend, indemnify and hold harmless Buyer, its affiliates and customers, and all persons claiming under Buyer, against all claims, demands, expenses, losses, and/or liabilities for actual or alleged infringement of any patent, copyright, mask work right, trademark, or similar right by the services and/or goods called for hereunder. Buyer shall have the right to control any such matter, and Seller shall reimburse Buyer for any expenses incurred in connection therewith.
